Le 14e recensement général de la population et des logements a eu lieu le 1er mars 1981.

Les chiffres officiels de la population de toutes les entités administratives du pays sont connus et ont été publiés au Moniteur du 25 juin 1982.

Dès à présent, l'Institut national de Statistique dispose d'un ensemble de tableaux reprenant les principales caractéristiques démographiques de la population.

Soucieux de rencontrer dans les meilleurs délais les besoins des utilisateurs, l'I.N.S. présente dans cette première publication relative au recensement un ensemble d'informations cohérent sous une forme accessible et agréable.

Cette publication, établie par les services administratifs des recensements en étroite collaboration avec le centre informatique, a été réalisée grâce à l'utilisation d'une nouvelle imprimante à laser.

L'I.N.S. a l'intention de privilégier à l'avenir cette forme de diffusion de l'information.

Les tableaux repris dans la présente brochure concernent principalement le Royaume et les régions; les mêmes renseignements sont disponibles au niveau des autres divisions administratives du pays c'est-à-dire les provinces, les arrondissements et les communes.

Cette documentation peut être obtenue à l'Institut national de Statistique, 44, rue de Louvain à 1000 Bruxelles ainsi que dans ses différents centres régionaux:
